

**A Willing Contribution**

To Flora Hellenica

Field records 1980

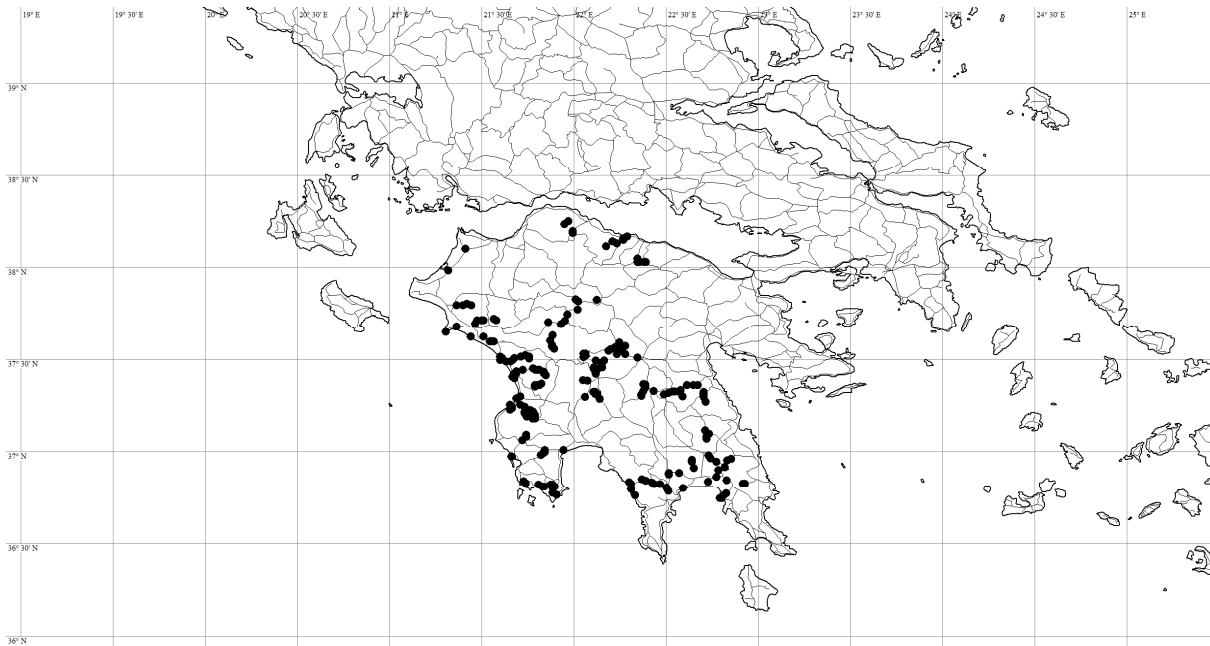

by Eckhard Willing

December 2016

## Einleitung

Im Jahr 1980 unternahmen wir (Barbara Willing und Eckhard Willing) unsere dritte Reise zur Kartierung der Orchideen Griechenlands, in diesem Jahr ausschließlich auf der Peloponnes. Im Gegensatz zu den ersten Jahren kartierten wir zunehmend auf der Basis von 5 x 5 km UTM-Quadranten.
